Dear Jeremy,

I want to thank you again for the great work you did here at the Avenue Crown Plaza. My management team and staff were impressed with your team's professionalism and enjoyed the education and training experience.

I am happy to report that we are completely satisfied with your product, SURFACEGUARD90. I believe that International Distribution Alliance will be an excellent partner for us. Your SURFACEGUARD90 Antimicrobial product allows us to provide a very dramatic differential from our competition.

I believe strongly that our guest's and qualified prospects will place a high value on this protection. We will aggressively market our industry leading steps to provide a much healthier environment.

It was a pleasure to do business with SG24. The organization provides excellent education, training, service and a very unique product.

I strongly recommend your product is implemented in all Driftwood Hospitality properties and marketed through all channels.

Sincerely,

Mik Mahdavi
General Manager
