Mr. Joseph Raich  
SG24, LLC  
PO Box 406  
Bolingbroke, GA 31004

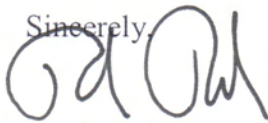

Dear Mr. Raich:

This is in response to your inquiry regarding our experience with our use of SurfaceGuard90 over the past three years.

I am happy to report that we are completely satisfied with your product. As you may recall three years ago we had a problem at our school with skin infections with our wrestlers and football players that included, ringworm, Staph, eczema, and herpes. This was a great concern for our staff and parents. You assured me that SurfaceGuard90 would minimize the risk of students and athletes becoming infected with contagious bacteria to the degree humanly possible. In our case this has proven true. Since we began our program of treating our mats, weight equipment, and locker rooms with SurfaceGuard90 and also educated our athletes about good hygiene, we have reduced our incidence of infections to almost none.

I would be happy to speak with any concerned coach or administrator and share with them our experience with SurfaceGuard90.

Sincerely,

Robin Ruh  
Facilities Director  
Head Wrestling Coach
