Mr. Raich,

My wrestlers and I would like to thank you for introducing SurfaceGuard90 to us. We have been using SurfaceGuard90 to treat our wrestling mats, weight room, locker rooms, showers, restrooms, etc. As a result, we have seen a dramatic 90% decrease in infectious diseases such as Ring Worm, Herpes, Impetigo, Staph, Athletes Foot, and others including various outbreaks among our athletes.

I am glad that there is finally a product that is proactively protecting our children from infectious causing diseases and I am thrilled with the results of SurfaceGuard90.

Thank You for helping to keep us safe!!!

**Jeff Prescott
